Card Number: _____ - _____ - _____ - _____ Expiration Date: ____/____ CCV: _____

Name on Card: _____ Billing Zip Code: _____

Signature: _____

NOTE: There are options for longer than two-year domain registration and renewal. Be aware that you are "leasing" not "purchasing" a domain name; if the annual domain renewal fee is late or unpaid, we will not renew the domain name and the Registrar will release and re-sell the domain name.

The monthly fee for a hosting-link page on a site that is up to 200 megs in files size is \$30 per month, billed annually in one payment of \$360. Additional server space is billed at \$5 per year for each additional 25 megs. This fee includes: FTP access; domain email; traffic logs; one link from an applicable area of Nantucket.net; administrative access to your domain; and discounts on banner ads at Nantucke.net and at NantucketWeddings.com. Nantucket.net is happy to assist domain clients in setting up their FTP programs. Additional assistance in coding, webwriting, and scripting is available per hour at our regular consulting fees. There is an additional monthly fee for a secure certificate and for static IPs.

If you want to register your name and use it only for email, the fee is \$120 a year plus domain renewal fees. If you are registering two domains and want one to "point" to the web site at the other with no separate link from Nantucket.net, then the second domain will be charged \$120 a year for a simple "redirect." Contact us at 508-228-6777, ext 100 for additional options and pricing.
